Extended Project Qualification

What is the EPQ?

- Level 3 qualification, equivalent to one half of an A-level, undertaken during year 12
- A qualification that requires 120 hours of guided learning
- An opportunity to plan your own project and implement it, performing your own research and coming up with your own plan to follow

Why study the EPQ?

- It gives an opportunity to research a topic of your choice and develop your independent learning
- You can improve your problem solving and decision-making skills
- Develop your planning, research, critical thinking, analysis, synthesis, evaluation and presentation skills
- Demonstrating initiative and enterprise
- Carry these skills through to further education or career development

What to expect from the EPQ
